August 6, 2012

Welcome to the 2012 Construction Academy!

We look forward to spending a great two weeks together with you.

The presentations and activities have been designed to give you additional tools that will help you as project administrators. However, I believe one of the most important benefits of the school will come from the experiences and the associations you develop with your fellow classmates. I encourage you to participate fully in the group activities.

I trust you will find your experiences during the next two weeks rewarding. I encourage you to call on me and the other members of the staff if you have questions or need assistance.

Sincerely,

Yvonne Collins, State Construction Training Administrator
Florida Department of Transportation
